

# Infant/Toddler Playground Schedule

## Summer 2020

- Adequate playground supervision is imperative for the safety of the children. Be sure that a teacher stands in **each** of the playground areas.
- Remember to **circulate** frequently.
- All chase games should be played on the ground, not on the equipment. Please monitor the children for proper use of all equipment and proper placement when cleaning up!
- Cars may be used **only** with teacher supervision.
- Outdoor equipment is to be used **only** on the playground.
- Children **must** remain off the walls and fences during play.
- **Teachers** are responsible for ensuring the replacement of **all** equipment before entering the building.
- A playground checklist has been provided and assigned to each class

During days of extreme heat, shorten your playground time. On hot days, please ensure that your children consume plenty of water and are not in danger of overheating! Be informed about the weather and use the gym (if available) on days when ozone levels are high.

### Mornings

	Infants	Toddlers
9:15-9:35		Room 9
9:40-10:00	Room 14	Room 2
