

SUMMER 2019
UNPLUGGED

Playground Schedule

SUMMER 2019

- Adequate playground supervision is imperative for the safety of the children. Be sure that a teacher stands in **each** of the playground areas.
- Remember to **circulate** frequently.
- All chase games should be played on the ground, not the equipment. Please monitor the children for proper use of all equipment and proper placement when cleaning up!
- Bikes may be retrieved **only** with teacher supervision.
- Outdoor equipment is to be used **only** on the playground.
- Do not hit, throw, or kick balls on the playground near the windows. You are to use the field for these activities.
- Children **must** remain off the walls, fences, and porch area during play.
- The fountain may **only** be used for drinking.
- **Teachers** are responsible for ensuring the replacement of **all** equipment before entering the building.

During days when the heat is still extreme or days when the very cold temps set in, shorten your playground times slightly. Please ensure that your children consume plenty of water and are not in danger of becoming too hot! Also, be responsible for ensuring that everyone is bundled up properly on colder days! Be informed about the weather and use the gym on days when ozone levels are high, the heat is too intense, or temps are too low! Shorten playground times even further when necessary!

Mornings

7:30-7:55	Afterschoolers
8:00-8:25	Pre-Kindergarten
8:30-8:55	Preschool (3's)
9:00-9:25	Twos
