

## PRESCHOOL TWOS & THREES SUMMER 2020 GENERAL INFORMATION

*We are looking forward to another great summer at The Towne Creek School! We strive to provide opportunities for learning new skills and concepts, while reinforcing those previously achieved.*

### **CURRICULUM**

Our summer curriculum is planned by our extremely talented Preschool teachers. Detailed information on themes and activities is included on our website Summer Camp Page <https://www.thetownecreekschool.com/academic-programs/summer-camp-program/> The skills emphasized throughout the school year have been taught in a creative, challenging manner, with a “learning is fun” approach. We will continue to reinforce those skills in the summer.

You will find your “What’s Happening” for the upcoming week on Friday afternoons on the Towne Creek Website, in the Parent Resources (Password Summer20). The website for Parent Resources is <http://www.thetownecreekschool.com/homepage/parent-portal/> The “What’s Happening” will inform you of the upcoming week’s highlights and activities, such as SPLASH DAY, FIELD TRIPS or SPECIAL EVENTS. Children will continue to

be exposed to math and language concepts through circle time and learning centers. Other daily activities include art, science and discovery, pre-reading and pre-writing, phonics, music, movement, songs, games and stories. The goal of the program, in the summer as well as the school year, is to give the child opportunities to grow and develop daily in all skill areas: social, emotional, physical and cognitive. We strive to provide a structured, balanced day, with a variety of activities and experiences that challenge and excite the child.

### **SPLASH DAYS**

Each preschool class has Splash Day once a week. The children play in sprinklers, kiddie pools, and sometimes on a water slide. The Splash Day Calendar and Permission Slips can be found on our website on the Summer Camp Program page. <http://www.thetownecreekschool.com/academic-programs/summer-camp-program/> Please dress your child in their swimsuit under their clothing on Splash Day and bring a complete change of clothes, a towel, water shoes and apply sunscreen prior to their arrival at school. Teachers can re-apply non-aerosol sunscreen as needed.

### **FIELD TRIPS**

Children in the Three’s classes will take walking field trips as well as enjoy In-House Field Trips throughout the summer. All field trips will have permission slips which will need to be filled out and signed by the parent. These can be found at:

<http://www.thetownecreekschool.com/homepage/parent-portal/forms/>

### **SWIM LESSONS**

Swim lessons are offered for children age 3 years and up (children must be 3 years of age by June 1, 2020). Information on Swim Lesson Enrollment can be found on the Summer Camp Program page and the Admission page of the website.

## **GENERAL GUIDELINES AND REMINDERS FOR THE SUMMER PROGRAM**

Please notify the school and your child's teacher if:

- Your child is going to be absent
- Your child has any type of allergy or special need.

All children must be accompanied into and out of the building by an adult (18 years or older). The sign in/out tablets are located on the table in the Multi-Purpose Room. You can use the Smart Care app, PIN code or key fob (that you can get from the front office) to check your child in and out.

Each child must have a complete, labeled change of clothes (including underwear and shoes) in a Ziplock bag that is left in their cubby at school.

Check your child's classroom door, The Towne Creek website, and Facebook for information on upcoming events.

Apply sunscreen on your child prior to coming to school. Teachers can re-apply as needed. All sunscreen should be labeled with the child's name and be non-aerosol.

It is required that children wear comfortable close-toed shoes for their safety and comfort. Sandals and flip flops make running and climbing difficult and should only be worn for water activities.

If your child has a summer birthday, he/she is welcome to bring a snack to share. Please check with your child's teacher about the best time to do this. All snacks must be store-bought and show the ingredients on the label. We must be sensitive to the food allergies present in the classroom.
