

Summer Playground Schedule 2018

- Adequate playground supervision is imperative for the safety of the children. Be sure that a teacher stands in **each** of the playground areas where children are present. **Circulate** frequently.
- All chase games should be played on the ground, not the equipment. Please monitor the children for proper use of all equipment and proper placement when cleaning up!
- Bikes may be retrieved **only** with teacher supervision.
- Sand Toys are **only** allowed in the sand box & playground toys are **not permitted** on the play structures.
- Outdoor equipment is to be used **only** on the playground.
- Children **must** remain off the walls, fences, and porch area during play.
- **Balls should never be kicked or thrown on the playground. This should take place on the field or sport court!**
- **Be sure to check the playground checklist daily in the AM. Age groups are assigned to each day.**
- **Teachers are responsible for ensuring the replacement of all equipment before entering the building. During days when the heat is still extreme, shorten your playground times. Please ensure that your children consume plenty of water and are not in danger of becoming too hot! Be informed about the weather and use the gym on days when ozone levels are high and the heat is too intense! Water coolers are to be brought in by the last group on the playground at the end of the day.**

Mornings

7:30-7:55	Summer Campers (1/2 Older Playground/1/2 Sport Court, Field)
