

Summer PreK 2022

Join us this summer as we embark on a journey filled with adventure, learning and fun! The children will explore music and movement, nature, math, science art, cooking and many games in a safe and structured environment. This summer we have a guest geologist returning to teach our students about the different types of rocks and the exciting aspects of her job. We will also invite Guest Book Readers at the end of the summer.

What's Happening?

A variety of themed activities designed to spark your child's interest have been planned for the summer. Some topics include: No Bones About It, 3,2,1 Blast Off, Disney Magic and Author, Author! You can find a complete list of summer weekly themes at <https://www.thetownecreekschool.com/academic-programs/summer-camp-program/>

Circle time and workstations provide opportunities for children to discover the world around them. Exposure to music, dance, math, science, language and reading concepts will continue throughout the summer in an atmosphere where learning, friendship and excitement come together in the most delightful way. You can download a copy of our weekly activities by going to www.thetownecreekschool.com and clicking on Parent Resources. The password is Summer22. Then click on What's Happening and your child's classroom. These will be posted on Friday afternoon for the upcoming week.

Exciting Expeditions

The field trips we plan are intended to entertain and enhance discovery. Our classes will be taking walking field trips as well as participating in In House Field trip events. Some of the summer venues include Virtual Space Camp, an Ice Cream Party, Outdoor Circus, Virtual Field Trip, Fourth of July Picnic and Parade, and The Glazery. Permission slips for each event will be in Parent Resources under Forms. All campers must wear their Towne Creek T-shirt for off-site field trips. These may be purchased at the front office for \$15.00.

Water Adventures

Nothing beats the Texas heat better than a cool dip in the pool. Campers will have the opportunity for "Free Swim" in the Towne Creek pool twice a week. Pool safety rules will be discussed, and lifeguards will always be on duty when children are present at the pool. On Free Swim days, please have your child come to school dressed in their swimsuit under their clothes and sunscreen already applied. (you may send non-aerosol lotions or sprays, marked with your child's name, for reapplication). Swimmers will need a towel, water shoes, a hat (if you wish), a complete change of clothes for after swim, and a bag for their wet clothes. All wet items must go home at the end of the day. Please make sure everything is labeled with your child's initials just in case it gets misplaced. Those students participating in swim lessons will need a second suit and towel. You can find your child's FREE SWIM and SPLASH days on the Summer Camp Program page of the website <https://www.thetownecreekschool.com/academic-programs/summer-camp-program/>

Journals

Each day, campers will have the opportunity to draw pictures and write about the fun they have had in their daily journals.

Towne Creek Amenities

Besides the activities listed above, PreK will take advantage of the gym, playgrounds, sports court, sports field or just playing with friends to make this an unforgettable summer for your child.

GENERAL GUIDELINES AND REMINDERS FOR THE SUMMER PROGRAM

Please notify the school and your child's teacher if:

- Your child is going to be absent
- Your child has any type of allergy or special need.
- Your child tests positive for COVID-19

All children must be accompanied to and from the building by an adult (18 years or older). The sign in/out tablets are located on the table at the front entrance. You can use the Smart Care app, PIN code or key fob (that you can get from the front office) to check your child in and out.

Each child must have a complete, labeled change of clothes (including underwear and shoes) in a Ziplock bag that is left in their cubby at school.

Check your child's classroom door, The Towne Creek website, and Facebook for information on upcoming events.

Apply sunscreen on your child prior to coming to school. Teachers can re-apply as needed.

It is required that children wear comfortable close-toed shoes for their safety and comfort. Sandals and flip flops make running and climbing difficult and should only be worn for water activities.

If your child has a summer birthday, he/she is welcome to bring a snack to share. Please check with your child's teacher about the best time to do this. All snacks must be store-bought and show the ingredients on the label. We must be sensitive to the food allergies present in the classroom.

We are looking forward to a fun-filled summer!
